## NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. PRACTICE PLEDGE REGARDING HEALTH INFORMATION: Holding Space Therapeutic Services, A Licensed Clinical Social Worker P.C. (referred to in this document as the Practice) understands that health information about you and your health care is personal and is committed to protecting health information about you. We create a record of the care and services you receive so that we can provide you quality care and to comply with certain legal requirements. This notice applies to all of the records of your care generated by the Practice. This notice will tell you about the ways in which the Practice may use and disclose health information about you. This notice will also describe your rights to the health information the Practice keeps about you, and describe certain obligations the Practice has regarding the use and disclosure of your health information. The Practice is required by law to:

- Make sure that protected health information ("PHI") that identifies you is kept private.
- Give you this notice of the Practice's legal duties and privacy practices with respect to health information.
- Follow the terms of the notice that is currently in effect.
- The Practice can change the terms of this Notice, and such changes will apply to all information the Practice has about you. The new Notice will be available upon request, in the Practice office, and on the website.

## II. HOW PRACTICE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU:

The following categories describe different ways that the Practice may use and disclose health information. Sample category of use disclosures follow. Not every use or disclosure in a category will be listed. However, all of the ways the Practice is permitted to use and disclose information will fall within one of the categories.

For Treatment Payment, or Health Care Operations: Federal privacy rules (regulations) allow health care providers who have direct treatment relationship with the patient/client to use or disclose the patient/client's personal health information without the patient's written authorization, to carry out the health care provider's own treatment, payment or health care operations. The Practice may also disclose your protected health information for the treatment activities of any health care provider. This too can be done without your written authorization. For example, if a clinician were to consult with another licensed health care provider about your condition, we would be permitted to use and disclose your personal health information, which is otherwise confidential, in order to assist the clinician in diagnosis and treatment of your mental health condition.

Disclosures for treatment purposes are **not subject to the "minimum necessary" standard** because health care providers may need access to the full record in order to provide quality care. Because therapists and other health care providers need access to the full record and/or full and complete information in order to provide quality care. The word "treatment" includes, among other things, the coordination and management of health care providers with a third party, consultations between health care providers and referrals of a patient for health care from one health care provider to another.

Lawsuits and Disputes: If you are involved in a lawsuit, the Practice may disclose health information in response to a court or administrative order. Practice may also disclose health information about your child in response to a subpoena, discovery request, or other lawful process by someone else involved in the dispute,

but only if efforts have been made to tell you about the request or to obtain an order protecting the information requested.

### III. CERTAIN USES AND DISCLOSURES REQUIRE YOUR AUTHORIZATION:

1. **Psychotherapy Notes.** Psychotherapy notes are notes kept separate from your clinical record and are given special protection under HIPAA. The Practice does keep "psychotherapy notes" as that term is defined in 45 CFR § 164.501, and any use or disclosure of such notes requires your Authorization unless the use or disclosure is: a. For use in treating you. b. For use in training or supervising mental health practitioners to help them improve their skills in group, joint, family, or individual counseling or therapy. c. For use in defending the Practice in legal proceedings instituted by you. d. For use by the Secretary of Health and Human Services to investigate Practice compliance with HIPAA. e. Required by law and the use or disclosure is limited to the requirements of such law. f. Required by law for certain health oversight activities pertaining to the originator of the psychotherapy notes. g. Required by a coroner who is performing duties authorized by law. h. Required to help avert a serious threat to the health and safety of others.
2. **Marketing Purposes.** The Practice will not use or disclose your PHI for marketing purposes **without your written authorization.**
3. **Sale of PHI.** The Practice will not sell your PHI.

IV. CERTAIN USES AND DISCLOSURES DO NOT REQUIRE YOUR AUTHORIZATION. Subject to certain limitations in the law, the Practice can use and disclose your PHI without your Authorization for the following reasons:

1. When disclosure is required by state or federal law, and the use or disclosure complies with and is limited to the relevant requirements of such law.

1. **Disclosures to family, friends, or others.** The Practice may provide your PHI to a family member, friend, or other person that you indicate is involved in your care or the payment for your health care, unless you object in whole or in part. The opportunity to consent may be obtained retroactively in emergency situations.

5. The Right to Get a List of the Disclosures Practice Has Made. You have the right to request a list of instances in which Practice may have disclosed your PHI for purposes other than treatment, payment, or health care operations, or for which you provided an Authorization. The Practice will respond to your request for an accounting of disclosures within 60 days of receiving your request. The list will include disclosures made in the past six years unless you request a shorter time period. The Practice will provide the list to you at no charge, but if you make more than one request in the same year, will charge you a reasonable cost based fee for each additional request.
6. The Right to Correct or Update Your PHI. If you believe that there is a mistake in your PHI, or that a piece of important information is missing from your PHI, you have the right to request that the Practice correct the existing information or add the missing information. The Practice may deny your request in writing within 60 days and will provide the reason for the denial.
